New Council Member Invitation

Jamie Bodenlos was invited to join the council. Her CV will be considered by the SBM Board of Directors during their call on July 30, 2014.

Website Link Request

SBM received a request from the writers for a nutrition/dietitian degree website, asking if we would link to their website within the resources section of SBM's homepage. The website can be found at <http://www.nutritiondegreeonline.net/>

This request also prompted the Board to ask if ETCD council members are interested in either curating links that would be helpful to SBM members regarding training, degree programs, and educational resources; or if they thought this type of resource would be a more likely extension of the online syllabus sharing page.

2014 Poster Mentoring Program

At the 35th Annual Meeting in Philadelphia, the third year of the poster mentoring program was a great success as we were able to mentor 51% of eligible submissions that indicated interest in the program. ETCD council members helped to personally recruit 40 Fellow and Senior SBM members to serve as poster mentors! These mentors met with 74 poster presenters, and several had continuing relationships via email and other channels after the conference.

The 2014 year saw 234 requests for mentoring, of which:

- 32 were not a poster and did not qualify
- 39 were not student authors and did not qualify
- 15 were mentored in a previous year
- 148 were eligible for the mentoring program

In 2013, 37% (56 out of 151) of eligible posters were mentored by 26 Fellow and Senior SBM members.

2014 Annual Meeting Programming

Updates, thoughts and comments from Philadelphia sessions, and topics/ideas to begin thinking about for the 2015 Annual Meeting in San Antonio.

Webinars and Enduring Educational Materials

Discussion on exciting topics/popular topics from 2014 pre-conference workshops and courses that are well-suited to be offered as online educational materials later this year.

SBM Online Syllabus Program

Discussion to be held in August; please take some time to visit the website and comment on any suggested changes/improvements. Some things that have already been brought up: inclusion of other materials such as reading lists, powerpoint slides, and textbook reviews.

Ongoing Updates

Council members please email staff with any links or resources that would be relevant to the areas of career/transition, mentoring, or past or future ETCD programming and its materials.
