 - Program committee working on writing up letters to engage the membership how to deal with the growing pains, working five years out. Some options they are thinking through include: Add another day/ change to a convention center, limiting presenter slots, should a person can't be on more than one panel/symposium, try to advance diversity.
 - Would this penalize team science? Want to encourage growth. - Carly
 - Some want growth, some want intimate feeling. Very few hotels can handle the size of SBM now
