

42nd Annual Meeting & Scientific Sessions 2021 Program Committee Conference Call

Date: Thursday, October 1, 2020
Time: 3pm ET/2pm CT/1pm MT/12pm PT

In Attendance

Dori Steinberg, PhD (Chair)
L. Alison Phillips, PhD (Past Chair)
Monica Baskin, PhD (President)

Staff

Lindsay Bullock (Executive Director)
Angela Burant (Meetings Manager)
Rachel Mizar (Senior Meetings Manager)

1. Minutes Approval 9/10

Dr. Steinberg moved to approve the minutes. Dr. Baskin second the minutes. The minutes were approved.

2. Expo Tracker Discussion

Ms. Mizar sent a demo of exploring a current Expo Tracker meeting. We will be able to customize the platform to look more like SBM design guidelines. We won't be offering an exhibit hall but we will be offering sponsorship options. As we get closer to the meeting, the large program committee could potentially test out the site. The committee overall feels the expo tracker platform will be a good platform for our meeting. Dr. Baskin said she talked to Dr. Pagoto about the virtual meeting she did over the summer. Dr. Pagoto suggested to have short breaks or no breaks because people will break when they need to and too long of breaks caused a lower number of people to come back to the meeting. Dr. Phillips mentioned we could make our webinar on how to present in a virtual meeting more general so that we could market the webinar to outside groups. SBM charges non-members for the webinar so we could market the webinar to outside groups.

3. Practice Gaps (3) & Learning Objectives (3) Review

Overall the committee and staff feel the practice gaps and learning objectives look good. Dr. Steinberg will update the existing items with Dr. Baskin's suggestions, staying within the character limit.

4. Keynote & Master Lecture Speaker Follow Up

Feranmi Okanlami, MD, MS accepted to be a keynote presenter!

Title: Assistant Professor, University of Michigan

Topic: Disability doesn't mean inability: the importance of welcoming those to the table who had different experiences in order to improve health.

Other facts: Clinically trained in primary care and rehab medicine - he suffered a spinal cord injury, paralyzing him from the chest down. After two surgeries and intense rehabilitation, he regained some motor function.

Theme focus areas: Inclusion and Influence

Nadine Burke Harris will not be doing any more virtual events next year her admin said. Dr. Steinberg to ask David R. Williams, PhD to be the next keynote since Nadine can't be a keynote speaker.

Dr. Baskin said Hannah Valentine retired yesterday (9/30/2020) from the NIH. Dr. Baskin will ask around for her contacts to see if Hannah would be willing to be a keynote speaker, even though she will no longer be with the NIH.
