Updates on accepted 2016 Annual Meeting sessions

The council experienced a 100% acceptance rate on proposed sessions. They are as follows:

- Graduate Student Research Panel Discussion (submitted by Dr. Stetson—Drs. Day and Frierson helping).
- Careers in Behavioral Medicine: Navigating the Challenges and Opportunities of Academic Career Transitions and Advancements (submitted by Dr. Oliver).
- The 2nd Annual Meet the Professors: SBM Fellow Office Hours for Networking (submitted by Dr. Huebschmann—Drs. Cole-Lewis, Myers, Pbert, and Zarrett helping).

The council discussed logistics for the Meet the Professors event. Through discussion and consensus it was decided that the session will take place in the room it was assigned to with the capacity for nine roundtables. The council will again generate the list of fellows who will be invited to take part and, if possible, they will try to recruit nine past presidents of SBM and rename the event Meet the Presidents.

Action items:

- Ms. Linc will assist the group planning this session in getting a call scheduled to discuss logistics further.
- Ms. Linc put together a list of past presidents and a second list of current SBM fellows with their SIG affiliations listed as well.

SBM Achievement Awards

During the call several council members volunteered to review achievement award applications.

Action item:

- Dr. Zarrett will send out an email to the council soliciting additional volunteer reviewers.
