

Community Engagement Studio Award

Call for Applications

Purpose

To provide investigators with a 1-time service that elicits input from community members to inform research development and execution for a specific project. This award does not confer actual dollars to the awardee, but rather provides a service valued at approximately \$3,500.

Application should include

- Researcher/PI name
- Researcher contact info
- Name of project
- A 250-word abstract of the research noting the study aims and the problem the research will address
- Purpose of the CE Studio (proposal development, recruitment, dissemination, etc.)
- Stage of the study (in development, active [not yet recruiting], recruiting, completed [disseminating results])
- Study population of interest
- Your timeline for having a CE Studio organized for your project
- 1-2 questions you would like to ask the community experts
- IRB status (if applicable)
- Biosketch for PI

Review criteria

1. Likelihood of project to benefit from the CE studio
 - Alignment of questions posed with the capacity of the CE Studio
2. Likely impact or translational potential of the research project
3. Likelihood of locating and recruiting community experts specific to the project
