Lauren Seward (Meetings Coordinator)

Not In Attendance

Eric B. Hekler, PhD (Past Chair)
Margaret Grey, DrPH, RN, FAAN
Lisa M. McAndrew, PhD
Carmina G. Valle, PhD, MPH

1. Presidential Initiative

Following self-introductions by each member of the program committee in attendance, Dr. Diefenbach introduced his initiative and Presidential Keynote topic for the Annual Meeting: “*Provocative Questions*”. This crowd-sourced research agenda will ask, what unresolved topics are on people’s mind?

2. Speaker Presentation

Dr. Phillips presented the speakers and topics she and Dr. Diefenbach have discussed to tentatively invite to the Annual Meeting as Keynote or Master Lecture speakers. Although the end of the hour came quickly, Dr. Phillips encouraged the committee to reach out with any ideas, concerns, or questions following the meeting. The topics presented included:

- a) Philosophy of Science
- b) Thinktank/Tech Leader
- c) Debate, i.e. science should be slower/more precise vs. faster/bolder
- d) Experimental Medicine/Science of Behavioral Change
- e) “Alphabet Soup” acronyms
- f) Process of Determining Funding Priorities
- g) Climate Change and Health

See [PowerPoint](#) for full presentation.
